

4A Booth Ave
Linden Park 5065

27. 10. 90

The Secretary
Old Collegians Rugby Union Club.

Dear

Last night (Friday 27th Oct) there was a function held in your clubrooms which had both incredibly loud music and announcements on the microphone. There was also a great deal of shouting going on outside the clubrooms during the evening and noisy departures around 1.30 A.M.

We realise that the clubrooms are used for parties of various types but feel that you should know that this one was beyond a tolerable level.

We hardly heard any noise from the Rugby Club functions during the winter and did appreciate the notice you gave us about those occasions.

Yours Sincerely
Jane Murray (Mrs)

answered. 2/10

Dear Barbara,

I would request permission from the Committee of Old Collegians Rugby Football Club to use the Club Rooms for my daughter, Mandi's, 21st Birthday party.

The date would be 26 October, 1990 from 8:00 p.m. to 1:00 a.m.

There would be approximately 60 people in attendance and would like the use of the Club Bar facilities in the way of beer and soft drink.

Would you please advise availability and possible costs involved.

Yours sincerely,

Joan Lamont

12th September 1990

Dear Alan,

Thank you for your letter with regard to the injury to Evan Duff which we received on August 2nd 1990. I apologize for the delay in replying but after consideration by the Committee at our August meeting, I had to discuss the matter with David Stark, who was away on holiday for a fortnight, followed by my absence interstate for a week.

The Committee is very concerned with the safety of all players and sincerely regret the injury to Evan on April 18th 1990. We wish that the incident had been brought to our attention much sooner and wonder why there should have been such a considerable delay?

In my interview with David Stark, he admitted being involved in a collision with Evan Duff but denies the "deliberate and intentional use of the forearm and elbow" injury. The videotape has been viewed exhaustively using a freeze frame video player in an attempt to establish the facts of the collision. The tape clearly shows a tap penalty set up involving a wall of players with two runners approaching the wall from the rear. Evan appears on a dummy run on the openside of the wall (the ball is moved towards the blind side) and shortly afterwards collides with a Collegians player travelling quickly towards the wall and both fall to the ground. Although the collision is very unclear, using the freeze frame facility, it is possible to see that the Collegians player passes to the left of Evan. There is a flash of white which appears to be the left forearm of David Stark at head height. However, as Evan passed on the right hand side of David Stark, the left arm could not have been involved in making contact with his face. The tape therefore does not provide evidence of "accidental or deliberate contact to the head" and we suggest that it cannot be used as evidence. The referee appears to be in an ideal position and the collision occurs directly in front of him although it is obvious that he is watching the ball.

Evan and David appear to be similar players in that they are prepared to give and ask no quarter. David said that he ran towards the wall and Evan appeared around the side and ran straight at him. He admitted making no attempt to avoid the collision as he was sure Evan had no intention of doing so. The speed at which they were both running also suggests it would have been very difficult for them to avoid contact.

.... /2

In the past, and quite recently, a number of our players have received serious injuries as a result of illegal play. The Committee of this Club abhors foul play of all types and are prepared to take action against all players, including our own, in order to clean up the game and protect all players. However, the evidence of such foul play has to be clear and unequivocal and I am afraid that your video tape does not provide such evidence or even suggest that the injury could have been deliberate.

From the nature of your letter to the South Australian Rugby Union, I feel that this reply will be unsatisfactory to you. In the interest of future relations between our Clubs, I would be happy to meet with you to discuss the matter further if you think this would be worthwhile.

Yours sincerely,

John Davies

Dear Kevin,

Thank you for your letter re the alleged Woodville incident involving David Stark. For your information I enclose a copy of a letter from ourselves to Woodville. The Club is very concerned about player safety and would certainly take action against any of our players involved in illegal actions, particularly those causing injury. In this instance we do not think that the videotape provides evidence which would support the Woodville claims. In all conscience we cannot take action against a player unless the evidence is absolutely clear.

I will keep you informed of any developments,

Yours sincerely,

John Davies.

Dear Sir/Madam,

Re : REVIEW OF RECREATIONAL PRICING

The Report is currently under consideration by Council and several meetings have been held to discuss it's Recommendations and implications. As yet, The Council has not determined it's preferred position.

I anticipate that the Messenger Newspaper will run a cover story on the Report within the next 2 - 3 weeks. The article may give the impression that the Report's recommendations will, or have been accepted by Council.

I affirm the Council's commitment that no final decision will be taken without prior consultation with your Club.

Yours sincerely,

R.W.S. Doane,
TOWN CLERK

16th August 1990

It has been brought to my attention that you may not have received our fixture list this year, and so have not had the opportunity of watching any of the games that Old Collegians have played. As this coming Saturday is our last home game for the season before the finals start, we wondered whether you would be interested in coming along to Tregenza Oval. I know the weather is pretty foul and our pitch is knee deep in mud, however, that's rugby!

The Finals are to be held at Bailey Reserve, Edwardstown, and it appears that we will have all teams except one of the fourth grades in them, so there could be some better entertainment down there.

This season seems to have passed all too quickly and our end of season dinner will be held at The Feathers Hotel, Burnside on Friday 21st September. Should you be interested in attending please let me know and I will arrange things for you.

If you have anything you want to ask, please do not hesitate to ring me at work on 210 9100.

Yours sincerely,

Barbara Finn (Sec.)

Dear Barbara,

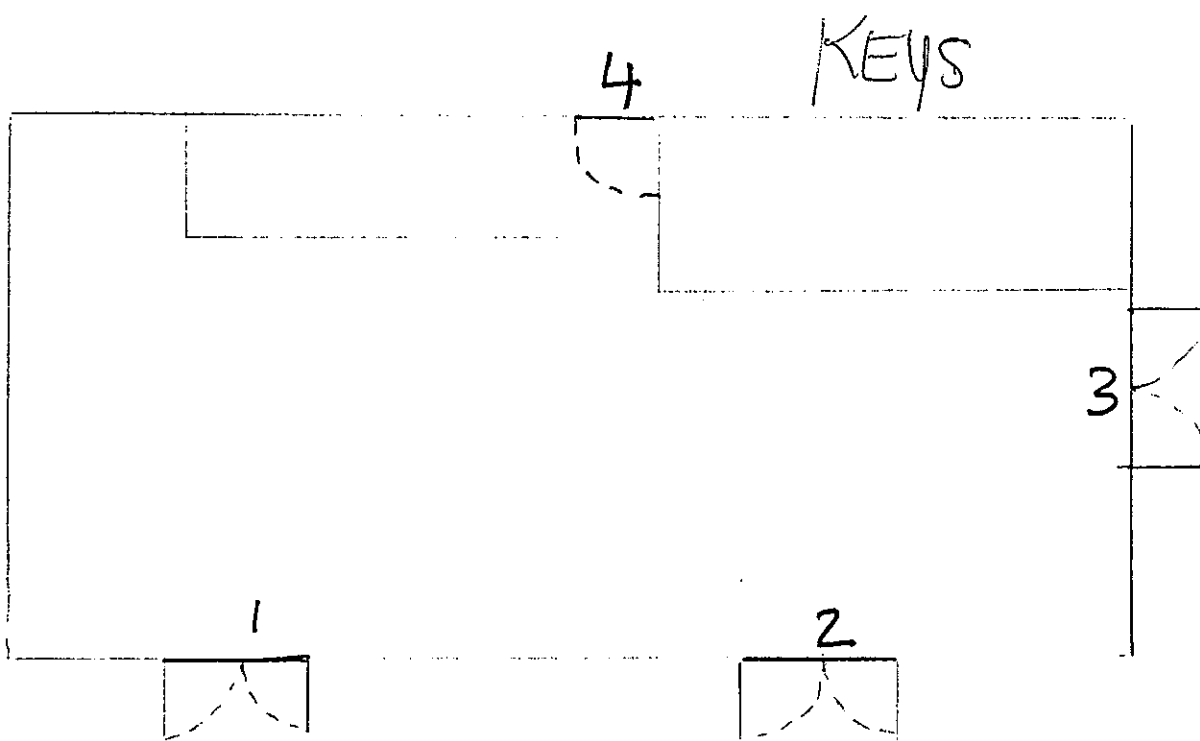

Your letter of 14th June is acknowledged.

The enclosure around Tregenza Oval does present Council with a difficulty as the area is public space and I would expect that this issues will be able to be resolved when discussions are held with your club in relation to our review of recreational facilities. This should occur in the not too distant future.

Dog droppings are a problem in most reserves and we are about to undertake a publicity campaign to bring the matter to dog owners' attention. Following the publicity, enforcement of the Regulations will increase.

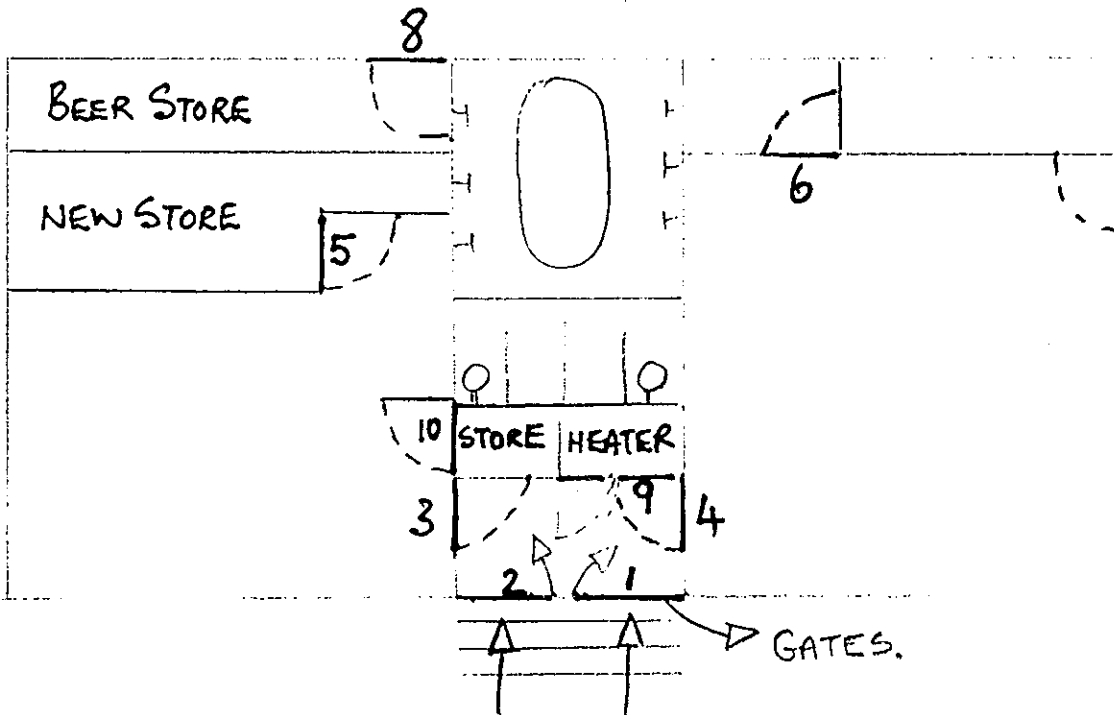

Yours faithfully,

R.W.S. DONNE

15th August 1990

Dear Hugo,

Thank you for your letter read out to the Committee at the last meeting. First of all regarding the newsletter distribution. It was put to our Registrar as to why you were not on the newsletter distribution list, and that appears to be a much regretted oversight. Regarding Dirk not receiving the newsletter, we had to assume at the meeting that Pam and Sue thought that one per household was sufficient but Alistair was to follow that up when he returned home from the meeting. The plea from Registrar was that if there is an error and you are not receiving your newsletter, please tell her at once. They do hope there will not be any more breakdowns.

Secondly, re selection policy. The Committee whole heartedly agreed with you in your comments. We realize that you are using Dirk purely as an example, seeing as there may be other cases equally deserving. John Davies drew up a selection policy which has now been given to Denis and Sean and now we hope they will stick to it and do the right thing.

We appreciated your letter and comments and hope to resolve these problems.

Yours in Rugby

15th August 1990

Dear Terri,

Thank you for your letter with regard to player safety and first aid facilities at the Club.

Let me first assure you that the welfare and safety of our players has the highest priority. Let me outline some of the measures taken by the Club in the area of safety and first aid.

1. We have taken out accident insurance as part of a compulsory scheme run by the Australian Rugby Union. Details of this scheme are on the notice board, but in brief, it covers players against serious injuries such as paraplegia, loss of limbs or sight etc. This scheme provides cover for up to \$250,000 and costs us \$2,150 per year or a premium of \$240 per team.

2. Next season it will be possible for this scheme to be extended to cover loss of wages at an additional cost of \$200 per team.

3. All teams are provided with comprehensive first aid kits at the start of the season to cover minor injuries which commonly occur in the game. We maintain a store of replacement items so that team managers should always have a complete kit throughout the season. This first aid equipment has cost the Club almost \$1,000 this season.

4. Items to cover more substantial injuries include a Jordan Frame, a variety of inflatable splints and a number of heat/cold packs for soft tissue injuries.

5. The recent donation of \$500 by New Spot Motors has been used to purchase a new general purpose stretcher which will be stored in the changing rooms (with the Jordan Frame), additional inflatable splints and heat/cold packs, and a general first aid kit to be kept in the Clubrooms for use by non-playing members.

6. No one in the Club has first aid/sports injury qualifications. We encourage such qualifications and are prepared to pay for attendance at courses. However, if we were to insist on this as a prerequisite for team managers then I am sure we would not have any.

.../2

7. If we have any serious injuries on the field in my experience the Club has always called an ambulance - for which we pay if the member is not covered - or arrange to take the injured to hospital for treatment.

I hope this letter assures you that we have taken sensible and responsible precautions with regard to the safety of playing members. It is a real shortcoming that we do not have trained personnel in attendance at all matches and I am sure that the Committee would welcome all help or suggestions to overcome this problem.

Yours sincerely,

John Davies.

Mr J. Davies,
President,
Old Collegians Rugby Club,
LINDEN PARK SA

Dear Mr Davies,

RE: PLAYER SAFETY

As a concerned wife of a player and also a financial member of the Old Collegians Rugby Club (membership no:81), I was pleased to hear of the kind donation of \$500.00 by the Porter family for the purchase of first aid equipment.

I am dismayed at the apparent lack of first aid equipment that a club our size has and I would like to ask the following questions;

1. Does the club have a first aid kit and if so where is it kept.
2. Is there a first aid kit for each team to take on away games.
3. Do we have trained the trained personnel to administer first aid to an injured player.

I know that you as President, and the other members of the committee are very busy with the day to day running of the club but I feel that the issue of first aid equipment and its usage should be given more consideration in light of the number of injuries being received of late.

Yours sincerely,

MRS TERRI CHURCH.

TUSMORE.

14th June 1990

Dear Sir,

It has been brought to our notice that a neighbour wanted to know why we locked the gate at Booth Avenue when we had home games. We have to pay gate fees to the Union as we have an enclosed ground, and therefore have to have a gate collection. Seeing as there are 4 gates it makes it very difficult to man them all. For that reason, that gate is closed temporarily while the games are on during some Saturday afternoons. Also, the childrens' playground is next to that gate so for safety's sake it should be closed. If anyone wanted to walk through, the other gate further up in Booth Avenue is open.

This next problem, we feel you will not be able to do much about it - being an open piece of Council ground for everyone to use - however, we do have a problem for players and children with dogs' droppings on the pitch. I realize that dogs are not allowed to foul the footpaths, but do they have to foul a playing field?

Thanks for your past assistance with our problems, and we look forward to your reply.

Yours faithfully,

Barbara Finn. (Sec.)

12th June 1990

Dear Sir,

We have recently been fortunate enough to have installed the new blue phone, which has been a wonderful service.

For the past year, we have inundated you with requests for help with our red phone not working. We had to take a private phone in as we were desperate at times. Your technicians were most helpful and were regularly called. However, the phone would not last a week and bang it would go again. When the blue phone was installed, the technician had to spend half a day at the Club as the fault was found to be back at the Telecom's end and not ours. We were wondering whether as a result of this, we may be granted some rebate on the rental we paid all last year, when the phone didn't work at all.

Look forward to your reply, and thanks again for the wonderful blue phone,

Yours in Rugby

Barbara Finn (SEC)

The Secretary
Crippled Crows Rugby Team

Dear Hugo

As a follow up to my phone call please find attached a cheque for \$50.00 which represents a prepayment for postage etc. on the newsletters (as I'd like to stay in touch).

As I mentioned my circumstances at present will make it uneconomical to travel to Penrh in 1991 with the crows & it is therefore with great regret that I tender my resignation under the rules (having missed the Toronto trip as well).

However, I will be in Penrh as a member of the "Old Soaks" team which is based there & will look forward to catching up with you all for an ale or three.

As an aside, I was discussing this with the secretary of "Old Soaks" & mentioned that it would seem to be a good idea if Associates themselves adopted a team from each state who could perhaps use their club house as a base. I believe they would be more than interested in doing so & I will follow up on that in due course. Let me know if you want me to do anything in that regard.

In the meantime please pass on my very best to Mike & the rest of the crows & I look forward to catching up in due course.

Kind regards

Roger

R.F. McDaniel.

April 22, 1990

Dear Old Colls,

Another year, another city!

Helen and I enjoyed Sydney so much we have now moved to the sunshine state, Victoria.

The life & rain of Sydney has had its effect, 16 stone & growing plus no physical activity at all, it's true what they say about growing older.

We moved to Melbourne in January for an indeterminate period, still with Bull but now running the Telecommunications Industries operation.

At least I managed to see the Lions tests and now game last year and whilst not at Murrayfield in March at least saw the game between England & Scotland live on TV whilst in London.

I do hope all is going well for
the Club, at least in leaving
Adelaide. I managed to enthuse
Anthony enough to become serious
about food's game.

All the very best for 1990

Kindest regards to all

John Hardy

Dear Sir,

32nd. ELIZABETH INVITATION SEVENS

The ELIZABETH RUGBY UNION FOOTBALL CLUB is to hold the 32nd. Annual Elizabeth Invitation Seven-a-side Rugby tournament on Saturday 7th. April 1990.

Your Club is hereby invited to enter a team or teams into this competition.

It is anticipated that the initial round will consist of a round robin tournament within groups of four teams with the top one or two teams progressing to the following rounds. A copy of the competition rules is attached for your information.

The Elizabeth club does not require any team entrance fee. However I would advise that all persons entering the ground will be charged an entrance fee of \$1.00 plus (where applicable) a parking fee of \$1.00 for each vehicle wishing to park in the club car-park. Children under 14 years and Pensioners carrying appropriate identification will be admitted free of charge.

Your acceptance (or otherwise) of this invitation should be forwarded in writing to me at the address above on or before 8th. February 1990.

A copy of the initial draw and kick-off times will be forwarded as soon as the information is available.

Yours faithfully
