# Renovation of the Bar

For those who cannot be with us on Saturday 7th April for the Season Open we would like to acknowledge the following people and their outstanding efforts.

Firstly to our President **Rob Costanzo** for his vision and determination to get the job done. He has given many hours and donated a host of materials to make this happen. To those individuals mentioned previously who supplied time and materials for the initial demolish and rebuild we thank you again. *Shayne Rann—Constructions, Dario Pesaturo—Paint, Mark Pickard—Bench top, tiles and other materials, Joe Rossi—Tiler.*

And to the 25 Club members who attended the Working Bee, to paint the rafters and tidy up downstairs and to **Benny Blackall** for his plumbing expertise. **Thank You!**

A further two full 8 hour days were required to finish the painting and to re-hang and display all the Shields, Trophy's, Photographs and other memorabilia which form part of the history of Old Collegians. Our thanks to **Jaye Gordan** for her vision regarding the memorabilia and picture hanging, and last but not least a very deserving special thanks to **David Pyper, Jo Rogers, Graham Raymond, Rob Costanzo, and Sue Thewlis** their efforts.

## ***So what has been achieved!***

- The bar was extended by approximately one metre in length and the space behind the bar increased by approx 35cm. Making it so much easier for staff to work on busy home game days.
- The three fridges were "built in" making a far better appearance
- The old security frames removed and lockable cabinets installed to house the bottles of spirits and red wines.
- A second "keg" tap system was installed.
- An ice machine has been installed.
- Overhead racks to store wine glasses installed each end of bar to again assist staff on busy days.
- Wall shelves installed to display Merchandise
- Security camera installed over doors and bar area.
- A new POS (Point of Sale) system making tracking of sales easier, i.e. merchandise, meals etc.
- Rafters and ceiling painted.

On behalf of all Club members we say a very big **Thank You** to everyone involved in the Renovation of the Bar.

**Note the new Bar Stools**—our sincere thanks to the 30 members past and present who have sponsored a stool.

## Blue Card—Concussion Guidelines

With the introduction of the 'Blue Card' across community rugby in Australia in 2018 it's vitally important that Old Collegians are aware of the guidelines / rules specific to concussion, as outlined in the link below.

The guidelines are relevant for all playing groups (U14s and above), coaching & management teams, various committees and last but by no means least all supporters also.

We all have our part to play in supporting and adhering to this vitally important initiative with the well being of all players foremost in our minds.

## **Team sports can teach your child about the bigger picture.**

At some point in life, everyone goes through challenges. It can become easy to think that the choices you make only affect you, but as it turns out, that simply isn't true! Team sports teach you about a sense of camaraderie and belonging to something bigger than yourself. When you play sports on a team, you quickly learn that every choice you make has impacts your teammates and your opponents!

## **Team sports can teach your child to be decisive.**

Making choices can often be difficult. But the truth is, human beings often over-complicate very simple decisions. Playing team sports causes your child to reason and come to a conclusion at a quicker pace than they might in their day to day life. As a bonus, making quick decisions can help develop a sense of self-confidence in your child that they may not readily develop otherwise.

## **Team sports can teach your child to bounce back**

It's always exciting to win in life. But sometimes the greater lessons come from your losses. If your child plays team sports for any amount of time, it is highly likely that they will experience their fair share of losses. Each of these losses are an opportunity for your child to learn about being gracious, moving on and trying again!

## **Team sports can teach your child that failure is never final.**

Everyone experiences the consequences of a poor choice from time to time. Learning from your failure can feel like an impossible feat when it is something you have never experienced before. But team sports teach that great comebacks really do happen and failure is never final if you refuse to give up!

## **Team sports can teach your child to put others first!**

Perhaps the most important lesson that team sports can teach your child is how to prefer others. There will be times in life that your child may have to settle for being second-best for the greater good. This can feel like defeat if you don't grasp that there is often more at play than you can initially see. Sometimes the most gratifying choice you can make is the one to help others even when it is inconvenient. Learning compassion and self-sacrifice is a lesson your child will certainly carry throughout the course of their life!

Your child doesn't have to be athletic to succeed at sports, it is important to remember the countless intangible benefits of team sports when your child starts competing. Look for teachable moments in their games and do what you can to reinforce those at home and you will certainly see the positive impact of team sports on your child's life!
